TO WHOM IT MAY CONCERN;

I have a complaint about truck's and trailer's parked on city streets, at night and over the weekends.

The trucks should only be parked for deliveries, not for any other reason.

The streets of Lodi are much too narrow for parking of Big Rigs or Bobtail trucks. It's hard enough to drive with cars parked and children playing, we don't need eight foot wide and forty foot long trucks parked on residential streets.

All streets that have no commercial use and are not a thoroughfare in or out of our city, I believe should be posted with a weight limit, like most other cities.

Trucks owned or operated by companies within or close to our city limits, such as Valley Materials, or Teresi Trucking and others, should have parking facilities for their equipment.

These Big Rigs parked on Keagle way, Mills at Tokay and Turner and Chestnut st, obstruct and I believe give Lodi the picture that we don't care about the residents of our community.

Thank you for your time and consideration.
